

STATEMENT OF ABILITIES

MISSION STATEMENT

To be a preferred turnkey solution Facilities management service provider within the Engineering, Manufacturing and Construction Industry. Our aim is to provide a service to our clients that is unchallenged and competitive across all sectors we excel in.

HALO TECH PTY LTD

COMPANY OVERVIEW

2015 – Established as a 1-person operation supplying Client side consulting and Project Management to large industry on major maintenance projects withing Central Queensland

2017 – Significant growth to a 7-person team with the successful application for an Open Class Demolition Licence. Our business was successful in being awarded the major demolition of Orica Yarwun's redundant Chlorine Manufacturing Plant.

2019 – Establishment of a workshop facility in Gladstone Qld including the installation of three high speed Laser Cutting and Engraving machines to service the industrial labelling industry along with light to medium structural fabrication facilities.

It was in 2019 we as a business identified the requirement for a turn-key service provider for facility management within the EC&M sector. A Company that provided trade services across most disciplines to allow clients to only rely on one vendor to complete their projects and tasks.

2020 – We were successful in being awarded the Site Services maintenance agreement with Orica Manufacturing's Yarwun Facility.

Now recognised as a reputable contractor within the Engineering, Construction and maintenance sector and commercial property industry. We have grown to a 20-person strong team with a fully established workshop facility.
